

Legacy Partners

Information Pack

Empowering the next generation to
make a positive difference

Introduction

Know Your Purpose is a registered charity offering transformational programmes in self-development for teenagers. By working together, we can interrupt the conversation around self-doubt, failure and anxiety.

Our programmes inspire teenagers to recognise their unique strengths. We support them to run community-based projects aligned with the internationally recognised United Nations Global Goals. The teenagers acquire life skills that better equip them to connect with others, understand different personalities and prepare them for a life of fulfilling work.

Investing in our youth leaves a legacy for our future.

Thank you for taking the time to look at our Legacy Partners' Information Pack. We're delighted to bring you this opportunity to support teenagers to make a positive difference for themselves and the community.

We are passionate and committed to working with our youth, providing them with programmes to instill confidence and help motivate them to find their purpose and direction in life. We all need a little help along the way, and I am so proud of the work we have accomplished to date. With investment from our sponsors we are looking to expand our services throughout New Zealand.

We invite you to join us and provide a legacy for positive change, helping turn the tide on teenage suicide. We offer different levels of sponsorship to enable all businesses to get involved and would love to discuss a partnership opportunity that works for you.

Kind regards,
Sarah

What Our Teenagers and Parents Say

Teenagers:

- "Made me excited about my future."
- "I found this fun and I was surprised what I found out."
- "I found it scary at first to work with people I did not know but ended up really enjoying it."
- "I learned that it is OK to be the way I am, and for others to be and think different to me."
- "I found that when I follow my passion and have a flow, it is nearly impossible to stop me."

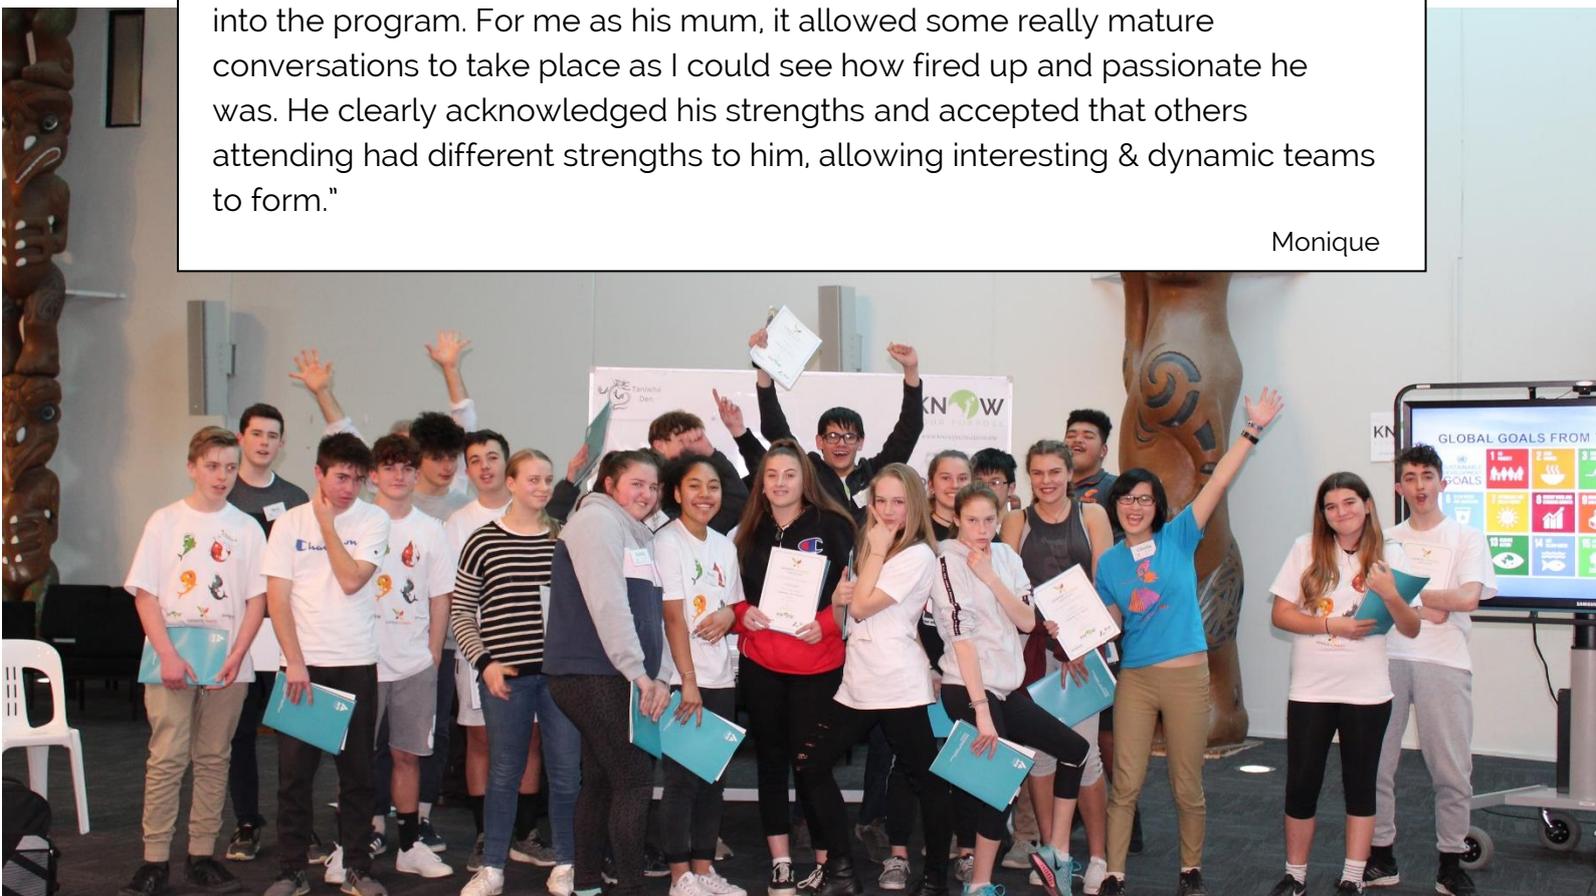

Parents:

"What a gift this program is! It has been truly lovely to watch my usually stressed/anxious daughter relax into a sense of understanding of her own unique talents. I quite literally just watched her become OK with going to school, it's like she was finally able to gain a perspective that has allowed her celebrate the parts she likes and not sweat the parts she doesn't."

Vanessa

"My son really connected with the whole concept and he immediately bought into the program. For me as his mum, it allowed some really mature conversations to take place as I could see how fired up and passionate he was. He clearly acknowledged his strengths and accepted that others attending had different strengths to him, allowing interesting & dynamic teams to form."
